

**UNM College of Nursing  
Health Sciences Center  
MSN NURSING ADMINISTRATION**

**Application opens August 15th  
for Spring 2019!**

## **Nursing Administration**

The Nursing Administration concentration enables students to explore ideas, skills, and competencies to develop successful holistic and innovative nursing practice in a variety of management and leadership roles. The curriculum is an accelerated part-time online program of study that meets the diverse professional goals of today's nurse leader, while still supporting a healthy student/life balance. Open to BSN prepared nurses with a minimum of 2 years of nursing experience.

Upon completion of the Nursing Administration program, graduates will be able to apply knowledge from the American Organization of Nurse Executives (AONE) competencies for the Nurse Manager and for Population Health Leadership. These include, but are not limited to, Leadership, Communication and Relationship-Building, Knowledge and Transformation of the Healthcare Environment, Professionalism, Business Skills, Quality and Outcomes Management, and Population Health Management.
